Market Sentiments:

Today TSE index increased about 12.5 units and reached the level of 78,622. Following the global growth of metal and mineral products' prices the related industries experienced a very positive condition and most of the group companies were in the buying queue position. "Shabriz" decreased its revenue forecasting for the year considerably and following that most of the oil companies were traded in negative percentages. "Ghazar" and "Shelia" continued their buying queue position and demand was high in the transportation industry as well. "Kegol" had the highest positive impact on the TSE index while "Shepna" had the most negative impact on this variable.

Watch List:

Market	Companies
