Khesapa	319	274	Salamat4	500	500,000

Market Sentiments:

Today TSE index increased about 148 units and reached the level of 76,976. The value and volume of trades were 4,262 billion Rials and 1,273 million shares respectively. Demand was high in the first half of the market times due to the good news regarding the auto industry and the price growth of metal products. But the positive atmosphere has been reduced in the second half of the market time to somewhat and the pressure of sale has been increased consequently. "Fameli" had the highest positive impact on the TSE index while "Parsan" had the most negative impact on this variable.
