Bold Events

- The secretary general of the Shanghai Cooperation Organization (SCO) said it will consider Iran's application for full-fledged membership soon after anti-Tehran sanctions are lifted in the wake of the recent nuclear deal between the Islamic Republic and world powers.
- Iran's minister of industry expressed optimism about the country's accession to the World Trade Organization (WTO) in the not too distant future, saying any US attempt to block Iran's bid for WTO membership will be to Washington's own detriment.

• The Islamic Republic of Iran Customs Administration announced that the value of the country's non-oil exports during the 9-month period stood at \$32.031 billion. Iran's balance of trade reached \$1.864 billion, meaning that the value of the country's exports was \$1.8bln more than the value of its imports. There was also a boom in Iran's service exports in diverse sectors, including tourism, engineering, and transit.

- India's External Affairs Minister asked Iran to make all necessary arrangements so that New Delhi can participate in the development of the \$5 billion Farzad-B gas field in the Persian Gulf.
- The deputy chief executive of Russian gas giant Gazprom said the company is eager to sign a memorandum of understanding (MoU) with Iran in an attempt to increase gas cooperation between the two countries.
- A Mitsubishi official has said the Japanese company perceives no boundaries in boosting petrochemical ties with Iran as a distinguished country in terms of manpower and natural resources.
- Director of Gas Transmission Operation (District 8) has announced the possibility to increase gas export or swap with Caucasus countries like Armenia and Azerbaijan.
- CAO deputy head has announced the country's plan to purchase 10 aircraft with an average lifespan of 11 years denying Iran's plan to furnish its fleet with Russian passenger planes.
- Australia seeks to deploy trade delegation to Iran

- Zanganeh: Iran Prepared to Export Oil to Mongolia via China
- Deputy oil minister has announced the signing of a new oil agreement with Brazil upon which Iran will completely supply a Brazilian refinery with oil.
- Oil drilling rises despite falling oil prices: A total of 136 new oil wells with a length of more than 268 thousand meters in sum have been drilled or repaired during the first 3 quarters of current Iranian year, said NIDC deputy head.
